

ACTUARIAL SOCIETY
of
H O N G K O N G
香 港 精 算 學 會

Dear Sang Rae,

Greetings from all of us at the Actuarial Society of Hong Kong. We hope that you will not consider this letter overly presumptuous. I am Simon Lam, the Chairperson of Membership and Publications Committee of the Actuarial Society of Hong Kong (ASHK). On behalf of the ASHK, we would like to seek your support towards our coming newsletter by contributing an article.

The topic of our coming newsletter will be “Actuarial Update across Asia Pacific”. We would like to invite your society to share with our members regarding any update in Korea like latest regulatory development, insurance market development, product development trend or your society’s initiatives. The above recommendations are by no means limiting, and you might kindly select some of the items should they be suitable from your perspective.

The target timeline for this article is on 15th September 2014 to meet the publication timeline of our newsletter. It would be great if your society could share with us the article by the above time frame. We are more than happy to offer support in the coming future if your society would like to have a similar update from our region.

Your contribution would not only benefit our members in learning the best practice in your region but also enhance the actuarial exchange among the different regions. Your support is highly appreciated.

Please feel free to let us know if you need any further information on the above sincere proposal. We could be reached by slam@munichre.com or +852 93727031 for any further details. We are looking forward to your favourable response. Thank you very much in advance for your great support towards the Actuarial Society of Hong Kong.

Yours Sincerely,

Simon Lam
Chairperson
Membership and Publications Committee
The Actuarial Society of Hong Kong
